

mindfulness — care — soothing effect

## {iossi}

### Face

**The CLASSIC line consists of natural cosmetics for sensitive skin. A scent that is hard to forget. Exceptionally rich in natural ingredients. Pleasant textures, certified organic ingredients and once again – the fragrance.**

Today's care will be reflected in tomorrow's look. We need to pay attention to the changes occurring in our bodies over the years and respond to them with the right care routine. The skin is already exposed to many harmful environmental factors such as smog, pollution or temperature changes. Not every skin type deals with them well, which can result in irritation, uneven skin tone or premature aging. What we need is to give it a little care and attention. This is why we have created the CLASSIC line.

Natural cosmetics from the {iossi} CLASSIC line are created to meet the needs of sensitive skin. Based on lightweight squalanes and hydrosols, they take advantage of the synergistic combination of essential oils and plant extracts. Face creams and essences, as well as a wide choice of serums, face masks and cleansing products will turn your daily care routine into a long-awaited ritual. Beautiful, natural fragrances of {iossi} cosmetics will awaken the senses, allowing you to relax. Your visibly moisturised and smooth skin will become a mood and confidence booster.

## Green Tea facial toner

200 ml, 50 ml

**NEW** 95% natural  
69% organic  
vegan

### Body

**The CLASSIC line consists of natural cosmetics for sensitive skin. A scent that is hard to forget. Exceptionally rich in natural ingredients. Pleasant textures, certified organic ingredients and once again – the fragrance.**

The body needs relief from physical and emotional fatigue. Nourished skin enveloped in therapeutic fragrance, enriched by plant energy, is a healthy skin. Everyday and conscious care, using the Classic line products, will help to keep the feeling of being pampered for longer.

Organic cosmetics from the CLASSIC line contain aromatic essential oils and botanical extracts. Used after a bath, the body scrubs and beautifully fragrant shea butter- based lotions will leave your body moisturised, silky soft and taken care of. Your hair and beard will radiate a healthy glow to say thank you for being tenderly treated with oils, while our intimate hygiene and massage cosmetics will be a perfect way to complement the whole routine, caring for these exceptionally delicate intimate parts of your body with the help of its gentle ingredients.

We also took care of the needs of children and mothers-to-be as their bodies require a particularly loving attention. Our specially created oils for gentle (prenatal) massage leave the skin supple, nourished and moisturised. Delicately fragranced, they immediately elevate your mood.

## Camellia oil for intimate care and massage

50 ml

Velvety oil for intimate care and massage formulated with a lightweight Japanese camellia oil base. It reduces the feeling of dryness of intimate areas and soothes irritations after depilation. It also helps women to prepare for childbirth and elevates sensations during sex with a partner or solo.

Our favourite ingredients: Japanese camellia oil, jojoba oil, hemp oil, hydrasalinol, vitamin E, geranium oil, copaiba oil.

**NEW** 100% natural  
63% organic  
vegan

## Apricot velvet hand treatment

50 ml

A concentrated, velvet hand treatment with vitamin C, niacinamide and pomegranate provides for optimal skin hydration. The rich formula, based on vitamins C and B3, effectively supports the reduction of discoloration, producing a pleasant and lasting smoothing effect. Recommended for all skin types, especially dry and rough. Suitable for use during pregnancy and breastfeeding.

Our favourite ingredients: Shea Butter, Vitamin B3, Vitamin C, Natural Vitamin E, Provitamin B5, Copaiba Oil, Apricot Seed Oil, Squalene, Rice Powder, Pomegranate Seed Oil Esters.

85.4% natural  
26% organic  
vegan

## Sweet Orange body lotion

240 ml

A nourishing body lotion with a scent that reminds of orange and chocolate. Wonderfully nourishes skin, leaving it deeply moisturised, soft and velvety smooth. It provides an immediate feeling of relief and protects against harmful external factors. Recommended for all skin types. Suitable for use during pregnancy and breastfeeding.

Our favourite ingredients: Extracts (from Coconut, Cacao and Chia), Bamboo Ferment, Bisabolol, Beta- - Carotene, Hydrolyzed Jojoba Esters, Cocoa Butter, Oils (from Pomegranate, Sweet Almond, Wheat Germ and Sea Buckthorn).

**HIT** 99% natural  
11.5% organic  
vegan

## Hemp protective cream

## Fresh, natural cosmetics created in harmony with nature.

Using the synergy of essential oils and natural plant extracts we produce cosmetics that not only work wonders for your skin but also appeal to your senses. Our aim is to be the best cosmetics company for the world, not the best cosmetics company in the world. We are committed to maintaining a sustainable work ethic at every stage of production, storage and shipping of our goods. By making smart choices regarding our development as a company, we manage resources in a way that will not adversely affect the lives of future generations.

Our cosmetics have been recognized and awarded in many industry competitions.

The ingredients used in our products are sourced with recognition and respect for animal rights. Ethical methods of obtaining raw materials are crucial to us and our integrity as a brand.

We stay current with the latest scientific research to back up the effectiveness and safety of the ingredients that we use, as well as the cosmetics themselves.

We use natural and organic ingredients of the highest quality. All of which are accepted by Ecocert/COSMOS.

As a manufacturer of natural cosmetics we feel obliged to respect the environment we live in. We take part in local campaigns of world cleanups and we cooperate with local state forests and NGO's.

We select the highest concentrations of active ingredients which are safe for everyday use.

The packaging of our IOSSI cosmetics is mostly made of glass – a raw material with unlimited processing possibilities.
